Look around, the writing's on the wall
Don't you think we're all feeling crazed
We're in a world, where nothing's as it seems
Paved with broken dreams, I found truth

Well my God, I should know You're right
And I should know it's right to say
I thank You for my days

Come around and see the other side
Stepping stones, away from the limelight
Come around and breathe in peace of mind
And for it all, I thank You, I thank You

Sit down, lose yourself in thought
Then you might find out it's all we've got
Well, take a chance, the future's in your hands
Make it what you can before your time has reached the
end

Come around and see the other side
Stepping stones, away from the limelight
Come around and breathe in peace of mind
And for it all, I thank You, I thank You, yeah

Come around and see the other side
Stepping stones, away from the limelight
Come around, and breathe in peace of mind
And for it all, you'll make it on your own

Yeah, you're free
Stepping stones away from the limelight
Come around and breathe in peace of mind
And for it all, I thank You, I thank You
I thank You, I thank You
