You say I've all of late  
You walk right through me  
Walk, Talk, innocence  
You left it up to me

Fly, violence  
You wait on me yeah, yeah, yeah, yeah  
All dressed up in time  
Never knew you could do it  
light, shade, seems all out of my dreams  
In a way, in a way, in a way, in a way, in a way

There's something wrong, being so right  
When your soul doing time

When will I notice how you set me back ten years from  
now  
When the lesson deepens you try  
As I cross my heart and swear to die

Shy violence  
To wait on me

When will I notice how you set me back ten years from  
now  
When the lesson deepens you try  
As I cross my heart and swear to die

I don't wanna be, ?cause you left it up to me

You say I've all of late  
You walk right through me  
I Walk, talk this innocence  
You left it up to me
