I hear the shots coming over the hill  
There's no such thing it's just overkill  
Sometimes we hide inside  
And wait until their worlds collide  
Acting like we've heard it all before

And so we disconnect  
Don't listen to the sirens  
Disconnect disconnect  
Don't forget  
When you're looking for the answers  
Don't forget don't forget

You're adding salt to the injury  
But we've got teeth you cannot see  
Sometimes we hide inside  
All f\*cked up and paralyzed  
Acting like we're nailed to the floor

And so we disconnect  
Don't listen to the sirens  
Disconnect disconnect  
Don't forget  
When you're looking for the answers  
Don't forget don't forget

Alright now  
It's over  
Alright now  
It's over  
Alright now  
It's over  
Alright  
This could be the one  
Alright now  
It's over  
Alright  
This could be the one  
This could be the one  
This could be  
This could be the one

Disconnect  
Don't listen to the sirens  
Disconnect disconnect  
Don't forget  
When you're looking for the answers  
Don't forget don't forget

Disconnect disconnect  
Disconnect
