Starting out with a hope and a Prayer,
Pray to go that'll get 'em there,
Cuz' that '92 Chevy's 'bout ready to fall apart.
Just a boy and a girl,
Barely nineteen,
Out to Prove to the world they know what love means,
No fear, no money nobody gonna hold them back,
Can't ask for more than that.

When that empty glass starts lookin' half full,
And their dancin' romancin' around the room,
In the dark cuz' the lights just got turned off,
And they don't miss a beat,
Man that's cool,
When young hearts,
Find away to make it last,
Can't ask for more than that.

Small town, even smaller pay,
Turning lemons in to lemonade
Can drive you over the edge when your barely hangin'
on,
When you're Twenty-one,
Baby on the way,
Watching her grow,
Put a smile on his face,
Cuz' their loving every minute,
Every moment right where their at,
Can't ask for more than that.

When that empty glass starts lookin' half full,
And their dancin' romancin' around the room,
In the dark cuz' the lights just got turned off,
And they don't miss a beat,
Man that's cool,
When young hearts,
Find away to make it last,
Can't ask for more than that.

Unstoppable, Gotta Haveable, Getting bigger everyday kind of love, When that empty glass starts lookin' half full,
And their dancin' romancin' around the room,
In the dark cuz' the lights just got turned off,
And they don't miss a beat,
Man that's cool,
When young hearts,
Find away to make it last,
And somehow find away to laugh,
Can't ask for more than that.
