When you play at love  
Play for keeps  
Don't just play at love  
Play for keeps

If you're about to fold  
Risk your heart  
Not just a part  
But all your heart

In the game of love  
More or less  
You must use your heart to win  
Happiness

And so if there's a chance  
That our romance  
Is meant to be  
Darling play for keeps  
And keep your love for me

[BRIDGE]

And so if there's a chance  
That our romance  
Is meant to be  
Darling play for keeps  
And keep all your love for me
