On a street at a busy corner
He's holding her hand
In a car at the local drive in
She's kissing her man
If you find it makes you feel
A little lonely sad and blue
All you gotta do is remember,
It can happen to you

Somewhere tonight a heart is breaking
Somewhere two hearts are beating as one
For every heart that is aching
Somewhere somebody is ready for love

I was riding in an elevator
A sad and lonely man
The doors opened and in walked an angel
And took a hold of my hand
And when I looked into her eyes
There was nothing I could do
All you gotta do is remember
It can happen to you

Somewhere tonight a heart is breaking
Somewhere two hearts are beating as one
For every heart that is aching
Somewhere somebody is ready for love

Heartache and heartbreak
Will tear you in two
So don't make that mistake
There's love there for you

Three years since that elevator
Brought her into my life
Now I know that sooner or later
I'm gonna make her my wife
Now I know just how it feels
To have all your dreams come true
All you gotta do is remember
It can happen to you

Somewhere tonight a heart is breaking
Somewhere two hearts are beating as one
For every heart that is aching
Somewhere somebody is ready for love

Somewhere tonight a heart is breaking
Somewhere two hearts are beating as one
For every heart that is aching
Somewhere somebody is ready for love

Oh I am ready for love
Oh I am ready for love
I am going to get me some love
I am going to get me some love
