Chores (1x)

Baby got tricks and she can move it like that
She can giv a kiss and I can give her one back
I want it baby
She wanna lay it on me now
Lay it on me now
She don't wanna wait
She don't wanna wait
Cloths off before mine
Sayin my name a bunch of times
Telling me she likes it
She wanna bite it
She just can't fite it
This girl is craving for more
And she's down to do more
