Johnny Casanova

You break each lover's heart

Johnny Casanova

You're tearing mine apart

Had I never kissed you

My soul would still be free

Too late to resist you

You cast your spell on me

What gives you the power

That make me run at your call

How long will it be

Before you tire of me

[CHORUS]

You're a careless lover

You're heartless yet I know

Johnny Casanova

I'll follow where you go

[Repeat CHORUS]
