Lost in the shuffle  
Lost in the crowd  
People rush by  
Never dreaming that I  
May be crying my eyes out for you

I may act happy  
Out with the crowd  
I try to be gay  
In a sad sorta way  
While my heart is breaking in two

I seem to see  
Your face in every shining star  
You seem to be  
So near and yet so far  
So far

[VERSE 4]  
Lost in the shuffle  
Lost in the crowd  
I hope and I pray  
That somewhere on the way  
I'll find you

People rush by  
Never dreaming that I  
May be crying my eyes out for you

[Repeat VERSE 4]
