When you play at love
Play for keeps
Don't just play at love
Play for keeps

If you're about to fold
Risk your heart
Not just a part
But all your heart

In the game of love
More or less
You must use your heart to win
Happiness

And so if there's a chance
That our romance
Is meant to be
Darling play for keeps
And keep your love for me

[BRIDGE]

And so if there's a chance
That our romance
Is meant to be
Darling play for keeps
And keep all your love for me
