Walk me to the bus
Tell me, it's all right
Talk a man out of the first drink and drive

Rock away my terror
After I burn my place down
But you know
The years make things different
If you go
The bottomless cup runs out
You never gave up on me

I think I let you down
I could use you around
Use you right now
There's nothing quite like the sound of
Your voice in the evening calling my name
It's getting late

I used to say "I love you"
A hundred times a day
What ya gonna say
When you learn they turned me?

The day is gonna come
For something to take you
But's clear
Nothing comes near to you
When you go
I lower my sights
You never gave up on me

I think I let you down
I could use you around
Use you right now
There's nothing quite like the sound of
Your voice in the evening calling my name
It's getting late

But I can't wait
To get on back
No I can't wait

To get on back
I can't wait

I can't wait
I can't wait
I can't wait
