Yeah

I rode the Rock 'n' Rockets  
Right into Deadwood Town  
Didn't have much money to lay my head down  
Her momma came walking down the street  
Carrying the world on a string

So I sat myself right down  
Ordered some sweet cherry pie  
I had a mighty fine time in Deadwood  
Tasting sweet cherry pie

Yeah

Used to pull the young  
Must be the Waterloo  
All I have to say is  
"Honey, I won't lie to you"  
I got a job hit the gold mine from nine to five

So I sat myself right down  
Ordered some sweet cherry pie  
I had a mighty fine time in Deadwood  
Tasting sweet cherry pie  
(Mighty sweet)

Yeah

There's two bits in the gas tank  
I'm smoking big cigars  
Didn't have too much money  
So I started stealing cars  
Sheriff came walking down the street  
Looks like a hard time in the can

So I sat myself right down  
Ordered some sweet cherry pie  
I had a mighty fine time in Deadwood  
Tasting sweet cherry pie
