Please let me be the one
To see you in the day
To know you in the night
I'd run to your side
Better know that you're from
Another side of town, long way
You, my heart I can give it to
You, my soul
I can make it with you
It's all I can do, my soul
Closer to your side
I walk with you tonight
Closer to your side
I walk with you tonight
Please let me be the one
To see you in the day
To know you in the night
I'd run to your side
Better know that you're from
Another side of town, long way
You, my heart I can give it to
You, my soul
I can make it with you
It's all I can do, my soul
Closer to your side
I walk with you tonight
Closer to your side
I walk with you tonight
It's hard to make things better
Go ahead and try
Go ahead and try
Take some time along with me
Take some time along with me
Take some time along with me
You, my heart I can give it to
You, my soul
I can make it with you
It's all I can do, my soul
Closer to your side
I walk with you tonight
Closer to your side
I walk with you tonight

Closer to your side
I walk with you tonight
