Everybody's talking 'bout my baby
They say she's half blind
Everybody's talking 'bout my baby
They say she's half blind

It's been a good long time
And now I'm long gone
It's been a good long time
And now I'm long gone
And still this heartache lingers on

I miss you when in dreams I do remember
Dark shadows drift across my room
I miss you when in dreams I do remember
Dark shadows drift across my room

It's been a good long time
And now I'm long gone
It's been a good long time
And now I'm long gone
And still this heartache lingers on

It's been a good long time
And now I'm long gone
It's been a good long time
And now I'm long gone
And still this heartache lingers on

I miss you when in dreams I do remember
Dark shadows drift across my room
I miss you when in dreams I do remember
Dark shadows drift across my room

It's been a good long time
And now I'm long gone
It's been a good long time
And now I'm long gone

And still this heartache lingers on
And still this heartache lingers on
And on and on and on and on
And still this heartache lingers on

You keep it rolling, now
Keep rolling, rolling on
Yeah, keep rolling, now
Keep rolling, rolling on
And still this heartache lingers on

It's been a good long time
And now I'm long gone
It's been a good long time
And now I'm long gone
And still this heartache lingers on
