Walking home so early I hardly trust my eyes  
Feel your presence with me  
I feel your warmth inside  
One day forwards, backwards I fall  
Into your arms  
Find a landing, Guilder Annie  
Down on easy street  
Hope she'll get down on the pavement and see things  
how I see them  
See things how I see them  
See things how I see them  
How I see them  
Last time I saw Annie, she had laughter she had smiles  
All my green glass bottles, a wino's cosmic child  
One day forwards, backwards I fall  
Into your arms

Find a landing, Guilder Annie  
Down on easy street  
Hope she'll get down on the pavement and see things  
how I see them  
See things how I see them  
See things how I see them  
How I see them  
And the Children Mourn(bought you a cane,  
From an old field, brought you cane that I found for  
you)  
No Longer, standing high above us  
(Bought you a cane, from an old field,  
Brought you cane that I found for you)  
All day long they can

Walking home so early I hardly trust my eyes  
Feel your presence with me  
I feel your warmth inside  
One day forwards, backwards I fall  
Into your arms
