(Olson/Louris)
sounds like a field
being painted in the delta sun
songs from the book of life
for everyone
Miss Williams' guitar
Miss Williams' guitar
I remember watching her play
and the whole damn crowd
seemed so far away
ooh, so far away
one night in a bar in Louisville
we had some fun
we walked through a graveyard park
left the flowers alone
Miss Williams' guitar

Miss Williams' guitar
I remember watching her play
and the whole damn crowd
seemed so far away
ooh, so far away
Miss Williams' guitar
Miss Williams' guitar
I remember watching her play
and the whole damn crowd
seemed so far away
ooh, so far away
I remember watching her play
and the whole damn crowd
seemed so far away
ooh, so far away
