Sounds like a field being painted in the delta sun
Songs from the book of life for everyone

Chorus:

Miss Williams' guitar
Miss Williams' guitar
I remember watching her play
And the whole damn crowd
Seemed so far away
Oh, so far away

One night in a bar in Louisville
We had some fun
Walked through a graveyard park
Left the flowers alone

(Chorus)

(Chorus)

I remember watching her play
And the whole damn crowd
Seemed so far away
Oh so far away
