(Olson/Louris)

pray for me that I may keep  
faithful to you in my time  
beloved it is mourn  
deeper yellow than the corn  
lovers work as children play  
beloved it is mourn  
one fine day I walked to town  
no love like yours be found  
idle days, idle days  
heart and soul are full of light  
heart and soul untired always  
beloved it is mourn  
one fine day I walked to town  
no love like yours to be found

idle days, idle days  
pray for me that I may keep  
faithfull to you in my time  
beloved it is mourn  
deeper red on the thorn  
may God keep you in his sight  
beloved it is mourn  
unknown steps before me fall  
no love like yours to be found  
idle days, idle days  
heart and soul are full of light  
heart and soul untired always  
beloved it is mourn
