Just a face among the crowd  
Another ship upon the sea of sweet confusion  
Standin' on your toes  
While your jewelry was swayin' to the music

You are a rose among the reeds  
And you're the only one I'll ever need  
And when I look into your eyes  
I know that you will

Take me to a place I never go  
You send me kisses made of gold  
I'll place a crown upon your curls  
All hail the queen of the world

Just an ordinary girl  
With an ordinary life that you have chosen  
But you're the fire in the snow  
Though I believe that I'm the only one who knows it

You never liked to sleep alone  
You left some lipstick on the telephone  
And when I look into your eyes  
I know that you will

Take me to a place I never go  
You send me kisses made of gold  
I'll place a crown upon your curls  
All hail the queen of the world

Take me to a place I never go  
You send me kisses made of gold
