there are so many times I swear  
I hear them fighting down the stairs  
in Sioux City  
please don't let her find  
this dark and dingy room  
Sioux City  
here tonight  
I know the hotel clerk, he lied  
I followed her from the west side  
in Sioux City  
please don't bring to life  
this dark and dingy room  
Sioux City  
here tonight

I know the hotel clerk, he lied  
I followed her from the west side  
in Sioux City  
please don't let her find  
this dark and dingy room  
in Sioux City  
please don't bring to life  
this dark and dingy room  
Sioux City  
here tonight
