Scarface you were out of place in Ohio
Too bad you were out ahead and you're slowin'
You were feeling like a bomb without a target
Ba ba ba ba ba ba ba ba ba ba ba

Look out Joe, I think the sky is falling
Seems that all the clouds have turned to stone
I'm calling you from somewhere deep in Ohio
Ba ba ba ba ba ba ba ba ba ba ba

Skintight, you were up all night and it's showin'
So tough you were breakin' up over the wire
Well, I saw you heading up the muddy river
Ba ba ba ba ba ba ba ba ba ba ba

Look out Joe, I think the sky is falling
Seems that all the clouds have turned to stone
I see the flashing lights along the highway
You sounded lost and desperate on the phone

Look out Joe, I think the sky is falling
Seems that all the clouds have turned to stone
I'm calling you from somewhere deep in Ohio
Ba ba ba ba ba ba ba ba ba ba ba
