(zubia, zubia, louris and perlman)

Played by pistoleros on the album: "hang on to nothing"

And I won't be coming home  
I've found my way  
I've found out everything

I won't be coming home I lost my way  
I lost it all again

I'll be myself, wasting my time away  
Free myself, wasting my time away  
Wasting away to love, with you

I won't be coming home  
I've found my way  
I've found out everything

I'll be myself, wasting my time away  
Be myself, wasting my time away  
Wasting away to love, with you

I'll be myself, wasting my time away  
Be myself, wasting my time away  
Wasting away to love, with you

I won't be coming home  
I've found my way (found my way)  
Won't be coming home  
I've found my way
