aden was an angry man
he lived alone w.out his fam
he shoulda known better but
i kno this shit can happen man
to anyone n anyone is u
n anyone is me

aden was a bitter man
who lived alone w.out a plan
he thought he held one in his hand
but those were only rubber band
he shoulda known better but
i notice this keeps happenin
to everyone n everyone is me
n everyone is u . . . too

all i want is all i see
n all i see is u n me

aden was a lonely man
longin for attention n
he posted signs thru all the land
that say: u wanna join my band?
he found some men who understand
a musician aint nothin but
a lonely man w.out a fren
whos clam'rin for attention like

anyone n anyone is u . . .
ask anyone like . . . me

oh if everyones like me
then everyone loves u . . . too
