"Blue Skies"

Too attuned
Too in step with the obvious
Too at ease and strange
So amused and I'm always jealous of you
People never change

Nothing but blue skies always on my mind
Blue skies on my mind
I promised your blue eyes
I'd never be unkind
There will always be
There will always be unkind people

Now and then
I'm wishing I never
Let you let me disappear
Take me off this stage
I don't get it at all
While we're both still here

Nothing but blue skies always on my mind
Blue skies on my mind
I promised your blue eyes
I'd never be unkind
There will always be
There will always be unkind people

Stars on my left
Stars on my right
You and the moon
In the dead of night
Faith brings me back to the place I met you
I bet you miss me sometimes, sometimes

Nothing but blue skies always on my mind
Blue skies on my mind
I promised your blue eyes
I'd never be unkind
There will always be
There will always be unkind people
