Tears don't dry so easily
Though they're fallin and forgotten
It's the mark they leave
On the heart and in the soul
Refusing to let love grow again

But I'm here to tell you
I'm here to stay
And as long as it takes
Baby we will find a way
For you to believe in love again
For you to let me in your heart
Oh baby, I wanna be in your arms

Chorus:

Like a hand in the middle of a cold dark night
Like a whisper in the morning light
Like a promise that is strong and true
Baby that's how I wanna love you

Like the sweetness in a lover's touch
Yeah you know the one you miss so much
Oh baby I wish you knew
That's how I wanna love you

There comes a time
When you gotta let it go

Say goodbye to the fear
And yield to the hope
Of what tomorrow can bring
It may bring just what you need

You can have a happy ending
A lover and a friend
Everything you dreamed of
But it only happens when
You can believe in love again
Baby let me in your heart
Oh baby, I wanna be in your arms

Chorus:

Like a hand in the middle of a cold dark night
Like a whisper in the morning light
Like a promise that is strong and true
Baby that's how I wanna love you

Like the sweetness of a lover's touch
Yeah you know the one you miss so much
Oh baby I wish you knew
That's how I wanna love you
That's how I wanna love you
That's how I wanna love you
