The kids are gone  
The house is a mess  
Iâ€™ve got so much to do  
And I can feel you looking at me  
Like when our love was new

You say youâ€™ll call in sick  
And the boss wonâ€™t even care  
And I say okay  
But turn off the light and come on over here

You say no way, uh-uh  
Come here baby, you turn me on  
I love the way you look right now  
Donâ€™t change anything you know  
Youâ€™ve always been my beauty queen  
Thereâ€™s something about when two hearts become  
one  
Baby, leave the light on

Itâ€™s been ten years and youâ€™re still the same  
Youâ€™ve never asked me to change a thing  
You tell me that you love the woman Iâ€™ve become  
But I wonder what you see

In this old tee shirt and worn out jeans  
At least let me put a little bit of makeup on

You say no way, uh-uh  
Come here baby, you turn me on  
I love the way you look right now  
Donâ€™t change anything you know  
Youâ€™ve always been my beauty queen  
Thereâ€™s something about when two hearts become  
one  
Baby, leave the light on

Bridge:  
You always take my breath away  
Thatâ€™s what I love about you baby

You say no way, uh-uh

Come here baby, you turn me on  
I love the way you look right now  
Don't change anything you know  
You've always been my beauty queen  
There's something about when two hearts become  
one  
Baby, leave the light on
