A night to forget

a night to forget  
when my world had  
turned round and round  
and I drove myself insane

I forgive what happened to me  
I dont want to be cold all my life  
you were there when I needed you  
now I can thank you

I've had so much darkness surround me  
now I'm lost and confused  
with what I should do  
I wonder what if it's a night to forget  
I can't imagine  
myself going off my face  
for a long time and not knowing whats going to happen

A night to forget  
when my world had  
turned round and round  
and I drove myself insane  
and forgot it all afterwards

gotta get strong, gotta forget  
the weekiness,gotta make you understand  
that I am me, and you are you  
and this story is forever

yeah yeah ohh ohh

a night to forget  
when my world had turned  
round and round  
and I drove myself insane  
I felt I'd completely losted it

wanna forgive and forget  
wanna make things go right

without the fright  
gotta be brave, gotta make you see  
that all I am is me

this is me, and  
I will be that forever  
and I wil never end no matter what

a night to forget  
when my world had turned  
round and round  
an I drove myself insane  
i felt i'd completely losted it

oh oh yeah

a night to forget  
is when my world  
had turned round and round  
and I drove myself completely  
insane

gotta get strong,  
gotta make you see,  
gotta live my life the way I want  
gotta, love it and learn by it  
oh yeah

a night to forget  
is when my world  
had turned round and round  
and you were still there  
standing in the dark holding my hand

gotta get strong  
gotta make you see that all I am is me  
and nobody can change the way I am,  
it's a night to forget.
