can't take it no more

to me it's like everyday  
is like a lesson to everythink  
can't take it no more  
gotta fight,gotta stay strong

can't take what i get no more  
gotta change the way i live  
gotta put some work into what i love to do

can't take it no more  
gotta fight,gotta stay strong  
all my life i've understood why  
i may get what i dont deserve

i feel like the only one in the world  
that understands,  
cant take it no more  
gotta fight,gotta stay strong  
gotta put some work into what i love to do  
can't escape what lifes got planned

you were there, i was here  
still i was being me  
and i also knew i'd get somewhere  
no matter wha

cant it no more  
gotta fight,gotta stay strong  
all my life i've understood why  
i may get what i dont deserve

you were there, i was here  
you can't escape what lifes got planned  
whats my future?  
where will i land in another few years time  
gotta keep wondering

i feel like the only one in the world  
that understands,

cant take it no more  
gotta fight,gotta stay strong  
gotta put some work into what i love to do  
can't escape what lifes got planned.
