Everything burns

I try to carry on,  
I try and make sure, I'll do it, If its for the best

everything burns away without you in my life,  
Your what got me here  
now how would I find my way, if I lost you,?  
Sometimes I wonder, What Are we living for?

ohh yeah

chrous

Everything burns away in my life without you,  
It's not the same  
I Always seem to take note On how negative I can be,  
oh life I believe is what you make it your self,  
When I need someone where is that person I can count  
on?

I try I try what do i recieve?  
you were all the sudden something speical in my life,  
It actually got me amazed

Chrous

Everything burns away in my life without you,  
It's not the same  
I Always seem to take note On how negative I can be,  
oh life I believe is what you make it your self,  
When I need someone where is that person I can count  
on?

what would I do without you?  
stay lost forever  
who has theses answers...

everything burns away without you in my life

ohhh yeah

this could be my never ending story,  
I'm never gonna let you go,  
no matter what
