Extreamly happy

When I'm all alone with you
I feel extreamly happy
Ohh you know I'd do anything for you,
Anything at all for you,
just to keep you feeling the same way,
Ohhh yeah

chrous

When I'm all alone with you
My heart starts pumpin away
cause , I think everytime
I must be crazy in love with you
I'm eztreably happy
I found you now I will keep hold of you
I will be so broken if I lost you,
Oh baby

When i'm all alone with you,
My heart starts pumpin away
everything, around changes,
I just wanna be in that moment forever
you make me extreamly happy
