Invisible

Did you know as I walked through and open door  
I thought for a minute you were invisible,  
I felt so bright within, I thought so much of you,  
time has gone so fast, I am now a teen,  
what do I do when I realise that I was invisible at the  
time,?

I dont want to be caught, in hell  
god damn, when can I ever be right?  
I wanna be a fighter, I wanna know you love me  
like I love you, I don't want to be wrong in this situation"  
I fear it's trying to take over me...A little

Did you know after all I've been through  
I felt still invisible,how do I explain?  
from the beginning to the end  
I wanna make my dreams come true,  
I wanna be with you til the day I die,  
I dont want to know anythink negative,  
oh you know nothing can change the way I feel"

chorus  
how do I explain?  
I felt still invisible,  
its like its just a happen  
I dont want you to laugh at my thought,  
I don't want to be shut out by this,  
oh come on and let me be in your wonderful world  
you know you want it now come and get it,

I'm so inspired by you, I feel like i'm in heaven without  
you,  
what do I do when I feel this way?

Oh you know you want it now come and get it,  
I'm here waiting, so dont forget I am here  
I dont want you to think I'm invisible Baby,Baby  
come on and let the night light, come true

chorus  
how do I explain?  
I felt still invisible,  
Its like its just a happen  
I dont want you to laugh at my thoughtm  
I don't want to be shut out by this,  
Oh come on and let me be in your wonderful world  
you know you want it now come get it, before it's too  
late

Oh you know you want it now come and get it,  
I'm here waiting, so dont forget I am here  
I dont want you to think I'm invisible Baby,Baby  
come on and let the night light, come true.
