it's just the way I am

You turn left then you turn right
I wish you'll make up your mind
before I get right at you
I'm sick of the cloud above I
making me feel all mixed up in emotions
why can't I just disappear' into a happier world
I wish the rain would stop so I can think once, again

I want to grow' and I want my life
the way I plan, Nothing can mess me
up from now on I am' me and
nobody can change, the way I am
I feel so strong when I think that way
It's the best that I ever thought of

you were there now you suddenly
are gone, now that emptiness inside
I know will fade oneday, because
I believe you'll come back in a way

you turn straight then clock wise
I wish you'll make up your mind
you are driving me insane
when can i get what I came for
your all the sudden making me loose my mind

I want to grow' and I want my life
the way I plan, nothing can mess me
up from now on, I am me and
nobody can change the way I am
i feel so strong when I think that way
it's the best I ever thought OF

you are you, I am me,
now you can make up your mind
then you can disappear out of my life
I've tried' and tried
what do i get' nothing

I want you to understand that I've changed
and from now on' will be the same
just remember you are you, and I am I
thats just the way I am,

I want to grow' and I want my life
the way I plan, nothing can mess me
up from now on, I am me and
nobody can change the way I am
i feel so strong when I think that way
it's the best I ever thought.
