people say i'm a true person  
what does that mean anyway?  
i wish i had someone  
who could take me from this dark space  
and make it that everything was okay

i've had enough of anger  
i've had enough of pain  
i've had enough of stress  
i've had enough of the sorry

people say i'm only this way  
cause i hardly get sleep  
it's no good for the soul  
i've tried lots of time's  
to make them see why i am this way

i've had enough of pain  
i've had enough of stress  
and all the anger i cause

( maybe ) i watch too much tv  
( maybe ) i do too much at once  
( maybe ) i'm such a try hard

all my life i've known where i'm standing  
but now i completely lost myself again  
i'm in a way so unsure and so confused

( where has myself gone )

( maybe ) i just want happiness  
( maybe ) i just need you to understand

( maybe ) i need my chances back  
( maybe ) i need truth said  
( maybe ) i need time out  
( maybe ) i need a little love

( maybe ) i just want happiness  
( maybe ) i just need you to understand

( maybe ) i need a little love  
( maybe ) i need my chances back
