Now that your here

forgive then forget
that this ever happened
I've been backwards alot lately
I've been thrown around like I'm rubbish
so much is happening I can't believe
now that your here' I am all me

once again,
I never planed for this to happen
I was hoping you could come back in a blink of an eye
that's all I was hoping not for this to happen,
now that your here' I know I can make it
when I thought I never could

oh yeah

now that your here' I can spend hours
In the rehearsal room,
now that your here' I can make my dreams
feel so real like never was once before

forgive then forget
that this ever happened
I've been backwards alot lately
I've been thrown around like I'm rubbish
so much is happening I can't believe
now that you here' I am all me
once again, what was I missing to miss
this part where I changed

yeah ohhhh yeah

once again,I never planned for it to
go back to where I hoped in the first place
now that your here' I know the world
can go round and round til I awake

now that your here' my world
will turn back to how it used to be

nothing here I know is stronger than my thought
Of you, Once again

forgive then forget'
that I ever done something so tragic
forgive' then forget'
the mistakes I made
life would be a whole lot easier
If you learn to forgive everythink

now that your here'
I won't end from the minute
I share with you
everythink that ever did happen

ohh yeah ohh yeah.
