Take me away

You say your gonna take me away  
take me far from this wonderful land  
I'm living on no that can't be  
I know deep down inside  
this is me and this is where I belong  
so Don't go soo far on stay more away

You and I were the real picture  
but nobody else did see  
that we really did love eachother  
and both took the blame  
for them taking me away  
It's not my fult everyone has something aganist me  
Some unknown reason I saw this coming along

i'm so over protected  
they say I live like a princess  
Well I kinda do and don't believe that's true  
Sometimes I wish they'd take me away  
for being who I am? sometimes I feel Not welcome

Sometimes it's more then easy to be me  
and only you knew then maybe you would understand  
that's it's not easy because the girl I am

take me away"  
take me far from here  
I want to sit under the stars  
up at night and just want you to hold me  
like no tommrow

if you only discovered this long ago  
I'd still be your girl  
( take me away far from here' )

Far from here'

take me away..let the feelings be out  
and let the world know I'm a girl witout that doubt

Take Me away  
and Don't always Hold me back  
make me move a step head  
This is me and I feel I'm the girl I want to be....

take me away ' take me far from here  
take me to the land I'd rather live on to be with you  
It's all I really want at this moment on

take me away..let the feelings be out  
and let the world know I'm a girl without that doubt  
Take Me away  
and Don't always Hold me back  
make me move a step head  
This is me and I feel I'm the girl I want to be....
