the girl inside

I know the girl inside feels like she needs to hide  
oh baby come on and take me away,  
far from fear, here in this world  
I wish I had wings to fly,  
it would be very cool to imagine,  
Me flying up high above the famous sky,

Nobody but I understands who I really am inside  
they dont know how much hurt i got going on inside  
oh all I need is a chance,  
Oh all I need is you to understand,that I've changed  
and I've become, a new me, that you never seen  
oh baby,

I dont want to end up all broken inside,  
cause I can't get what I came here for,  
sometimes I really had it with the way I live,  
Sometimes I just want to be, set free  
far from fear, here in this world  
I can't handle it no more,

i know the girl inside feels like she needs to hide  
oh baby you just gotta be strong,  
You cant let fear take over the good person you are  
within,

Oh baby,

I wish I had wings to fly  
It would be very cool to imagine,  
me flying up high aove the famous sky,

I dont want to be going through,emotions  
I just wanna be the girl inside  
and I dont want to live a world full of frustrations,

I know the girl inside feels like she needs to hide  
oh baby come on and take me away,  
far from fear, here in this world

I wish I had wings to fly,  
it would be very cool to imagine,  
Me flying up high above the famous sky,

sometimes I feel theres just no way I can be what I  
wannabe,  
I wanna be true, I wanna show you who I really am.
