The real me

After all i've been through
I finally decided to relocate
oh all I want is someone,
who understands the real me,
but I do believe here is a new beginning
and my dreams will be forever,and in the end
I will find my answer to what i've been waiting for

I don't want to be in pain day and night
sometimes I wish I could escape my life I have,
Sometimes I feel so emotional I don't know nothing at
all
all I want is someone
who understands the real me,
and then I'd probably be the girl every-one wants to
hang around with

oh all I want is you to see the person I could be,
before my life is over,
and theres no me no more
I feel inside has gone from good to bad bad to good
it turns around everytime
oh can't it stay hold for a moment or so on

I don't want to be in a life full of frustrations
oh all I want is someone who can understand
the real me within,and do you know how much it would
mean

oh I believe it's a new beginning for me,
to find my way through life,
without any fear,or frustrations or anger that hurts
you deep within,
oh can someone hear me call,
all I want is someone who can understand the real me,

I've forgiven and forgotten the bad times
I sometimes wish I could turn back the clock,
but I doubt I'd ever have a chance

I want someone to understand the real me
the person I could be I want you to see
the real me within,the real me within

I want someone to understand the real me
the person I could be I want you to see
the real me within, the real me within.
