it's too late to turn back now
i'm not too brave about the high i might be jumping
from
i'm too late to say that i loved you you broke my heart
by not given me the chance it seems only yesterday
you were there

i wrighten songs about you
i showed the best of me
you never gave me the chance
that broke my heart

you're too late i won't take you i will leave you
i've had enough of trying to get you to love me
it's too late to share my feeling with you now
i thought you were a person that would give me the
chance

i wighten songs about you
i showed you the best of me
you never gave me the chance
that broke my heart

you're too late i won't take you i will leave you
i won't let tears run down on my face i will hold a strong
face
it's too late now i've moved on you had the chance
you threw it away your own fult don't forgive i'ma big
change
to eveyrbody i see remember my face the eyes
nevre forget it's too late to give you the chance

it's too late to say
it's too late to i say
it's too late i say
it's too late i say

i wrighten songs about you
i showed you the best of me
you nevr gave me the chance
that broke my heart

how can i lvie again like the way i did
when you nevr knew i loved you?
you threw your chance away don't forget
you'll nevr have it back.
