Twisted

I'm sorry I got twisted
my tounge was trying to say how much
I did love you as a person
not that I couldn't live without you
it's much more then just that line

Oh yeah

how come everything got so twisted
at this time! the moment I've waited for
it come into the worst night mear
what will make us forget it I wonder!

I sit out there' watch the stars fall
and hope I get what I really want
I am beging for this dream to finally
arrive cuz you just never know
what might have done to make this a fright

how come everything go so twisted
at this time the moment I've beenw waiting for
It come into a night mear
what will make us remember this time I wonder?

everything I am saying Seems to be getting twisted
what can I do to finally learn how to speak
without mistakes in the long road of my mouth?

I'm sorry I got twisted
my tounge was trying to say how much
I did love you as a person
not that I couldn't live without you
it's much more then just that line

" Oh Yeah"

everything I am saying Seems to be getting twisted
what can I do to finally learn how to speak
without mistakes in the long road of my mouth?
