"California Floating In Space"

Blue painted sea
Watercolors in my dreams
A purple pink colored day
Always in the midst of some

Imaginary place
California floating in space
And the sun so bright
With ideas in my mind

Imaginary place
California floating in space
And the sun so bright

Valley falls and mountainside
Bouncing through a beach ball lullaby
Evergreens and summer skies
Summer skies

Even orange poppy lie
Speak to me in songs sung with my eyes
Watching sand where beaches lie
As do I

Imaginary place
California floating in space
Imaginary place
California floating in space

Imaginary place
California floating in space
Imaginary place
California floating in space

Imaginary place
California floating in space
Imaginary place
California floating in space

Imaginary place
California floating in space
Imaginary place

California floating in space

Imaginary place

California floating in space

Imaginary place

California floating in space
