Put your finger on a map
And that's where I am
Draw a picture of the world
And that's where I am

Now and beyond
It's a long time to be gone
I'm movin' on
I'm movin' on

Put the needle to the groove
And listen to this
When you see your speakers move
Then you feel bliss

Now and beyond
It's a long time to be gone
I'm movin' on
(He's movin' on)
I'm movin' on
(He's movin' on)

Put your finger on a map
And that's where I am
Draw a picture of the world
And that's where I am

Now and beyond
It's a long time to be gone
I'm movin' on
(He's movin' on)
I'm movin' on
(He's movin' on)
