Yeah yeah  
Yeah yeah  
Why you're playin with me  
Tell me ooh  
Boy why you're playin with patience  
Is faded  
But now it should make it a family  
Boy you're takin  
Too long to settle down  
Boy why you're messing round with me and my my  
You wastin a lot of time

Chorus:

Boy you gotta make it clear what we're doing  
Boy, baby you don't know what you're losing  
Boy you gotta make it clear what we're doing  
Boy you, baby you don't know what you're losing

I think I, should move on  
You know I've been here too long  
Try to figure out  
What you all about  
Tell me, gotta know around the have to go  
What's the deal, you and me, tell me, I'ma leave

Chorus:

Boy you gotta make it clear what we're doing  
Boy, baby you don't know what you're losing  
Boy you gotta make it clear what we're doing  
Boy you, baby you don't know what you're losing  
Yeah

[Chorus:]

Boy you gotta make it clear what we're doing  
Boy, baby you don't know what you're losing
