Aint no competition, when your in it

If i never told you baby
(i really do appreciate it)
keep on like you doing, and ill always be true.
Because no one (no one) no no no (no one)
Ever made me feel, like i could be dreaming
cause you cant be real
(And its makes) makes me so happy
(yes it makes)yes it makes me cry
And I know you're looking at me probably thinking why
but
