Ooh

Ooh oh-woah oh

Day and nights they are starting to start to feel like a machine

I get dressed and rush out the house

Grab a coffee and to the job

Wait for hours sit at my desk

Walk around and i'm like the way

The computer is plasticity

Realize that we are both the same

Feel like a robot

Someone please turn it off

I'm about to obey

Life like this going to make me freeze

I gotta get out of this program

And find out who I really am

I'm not a robot [I'm not]

I'm not a robot [I'm not]

I'm not a robot [I'm not]

I'm not a robot [I'm not]

Somebody turn it off

Please make it stop [I'm not]

I'm not a robot [I'm not]

I'm not a robot [I'm not]

Gonna like come around before I go home

I make my rounds

Pick up the kids
Stop by the store

Buy the same shit and nothing more

Get there and mom is on the couch

Watching TiVo running his mouth

I make dinner get right for bed

He's up waiting asking for help

Feel like a robot

Someone please turn it off

I'm about to obey

Life like this going to make me freeze

I gotta get out of this program

And find out who I really am

I'm not a robot [I'm not]

I'm not a robot [I'm not]

I'm not a robot [I'm not]

I'm not a robot [I'm not]

Somebody turn it off

Please make it stop [I'm not]

I'm not a robot [I'm not]

I'm not a robot [I'm not]

Feel like a robot

Someone please turn it off

I'm about to obey

Life like this going to make me freeze

I gotta get out of this program

And find out who I really am
