"Lovin' You"

You bring out the best in me
Cause the light in you
Even the sun can not compete
You give and give
And you never take
I wonder why you've chosen me
To receive the love so great
Sometimes I feel like I don't deserve you
And all of the wonderful things you do
For me, baby there's no way to repay you
For making me feel so happy
But I make this promise to love you
To love you everyday
Loving you just loving you
The Love, the love, the love, the loving you, loving you
Just loving you, the love, the love, the love
All the time you're always on my mind
You're like a gift from God
So glad that you are mine
You're like a friend on a lonely day
Make me feel like every thing's ok
You're like the breeze
On a Summer's night

Like an island, with only water inside
And both making me feel this way
I promise to love you, love you, love you, always
Loving you just loving you
The Love, the love, the love, the loving you, loving you
Just loving you, the love, the love, the love
Loving you just loving you
The Love, the love, the love, the loving you, loving you
Just loving you, the love, the love, the love
Oh, baby baby I love you and oh
Oh you don't understand how much I love you Baby
You're like a gift from God Baby oh
So glad that you are mine oh
I love you said I need you baby oh
Loving you just loving you
The Love, the love, the love, the loving you, loving you
Just loving you, the love, the love, the love
Loving you ooh
