My men just told me he's leaving
He's with the girl that I'm creeping
I know it looks like I'm cheating
Cause he ain't no fool

He's tired of being alone
He said that I never had him
I won't pretend I ain't thankful
But ain't no for two

So if you think that you gotta leave
I won't shed a tear
Cause he ain't the man that needs more
Than my career

He said if he's the man then let him know
And then I must admit them afterward show
This doom must break at the studio
Cause you're always there

I said he ain't the man you should worry about
I won't believe in him going out
But I am starting to have my doubts
And always ain't there

If you think that you gotta leave
I won't shed a tear
Cause he ain't the man that needs more
Than my career

Now there is sound on the table
You'll let me know if you able
Will probably ever be stable
It's as good as it gets

So now you don't have to wonder
You'll know that there is another
We might as well call them a lover
And it is what it is

And if you think that you wanna leave
I won't shed a tear

Cause right now ain't a living is for
Than my career
So make up your mind
Cause I've made a mind
If you can't handle be in second in line
Then we're cool
But if you don't then you know what to do

So make up your mind
Cause I've made a mind
If you can't handle be in second in line
Then we're cool
And if you don't then you know what to do

So if you think that you gotta leave
I won't shed a tear
Cause sorry baby you know me more
Than my career
