I wish I could believe you... then I'd be alright
But now everything you told me, really don't apply
To the way... I feel inside
Loving you was easy, once upon a time
But now my suspicions of you have multiplied
And it's all because you lied

And I may never understand why... I'm doing the best
that I can, but I...
Just can't seem to get over, the way you hurt me
Don't why you gave another, who didn't mean a thing...
the very thing... you gave to me

I thought I could forgive you, and I know you've
changed
As much as I want to trust you, I know it ain't the same...
as before... this woman came...
I loved you more than ever, more than my own life

The best part of me I gave you and it was sacrificed...
when you broke your word that night

And I only give you a hard time... cause I can't go on
and pretend like
I don't remember feeling... like I was no good... like I
couldn't do it for you... just like she could...

I know she was attractive, but I was here first
Been riding with you for years... why did I deserve...
To be treated this way by you... I know you're probably
thinking...
"What's wrong with Jazzy... this sounds like a fifties
record..."
But that's alright with me...
Yeah... ooh yeah
