Baby I'm gonna break it down (tell you truth)  
I wanna prove my love for you (it is real)  
Cannot Resist these feelings inside (not anymore)  
Just gotta have you in my arms.

-Interlude-

Will you be by my side  
When I'm falling apart  
Lend me a helping hand when in need.

My heart is just for you  
I breathe to be with you  
I wanna love you day and night

Chorus:

With just one smile you fulfill my world

My heart is beating for so much more

You are the reason I aint so low

You must be an Angel from above that guides my soul

---

Open my eyes, and all I see is you (only you)  
I see you when I close my eyes too (dunno why)

They tell me I am outta my mind (crazy in love)  
'cause' they aint know what I'm going through.

-Interlude-

My world spins around you  
My times to live are few  
I'm never gonna be the same, Oh girl!

Its tearin' up my heart  
Lets take it to the start  
A chance is all I need to prove THIS.

Chorus (1x)

Bridge:

I remember the time  
The first time I met you I felt so heavenly  
When I realized that miracles are reality  
So Please Baby Please theres always a possibility

Chorus (2x)
