Now it looks like a dog and it ain't no cat  
I'm just wondering what the world is that?

Is that a monkey you got? Is that a monkey you've got?  
Is that some monkey you got, honey, he's the ugliest  
thing in town

Now he's red and he's black and his feet is brown  
He's the worst looking thing that walks on the ground

Is that a monkey you got? Is that a monkey you've got?  
Is that some monkey you got, honey, he's the ugliest  
thing in town

Now you told me about your monkey and I don't see  
why you did  
When I come to your house you always got him hid

Is that a monkey you got? Is that a monkey you've got?  
Is that some monkey you got, honey, he's the ugliest  
thing in town

Now you keep him hidden and in the house  
You must think he'll cause trouble if you let him go out

Is that a monkey you got? Is that a monkey you've got?  
Is that some monkey you got, honey, he's the ugliest  
thing in town
