You could say I've always been a dreamer  
And that's how I'll always be, no matter if it's right or  
wrong  
Chasin rainbows that I can't seem to catch a hold of  
Living life like it was just another song  
No the nightlife ain't no good life, but it's my life  
Often times the road to nowhere just leads right on  
back to me  
Yeah and sometimes I'm so lonesome I could cry  
But I guess that just the way it's gotta be.

So it's one more show right here in Tyler, Texas  
It's another gig in Houston and the next night San  
Antone  
Just another smoky barroom in Mt. Pleasant  
Where 85 seems like a million miles from home  
Well I guess I'll be chasin rainbows til I'm gone.

My mama thinks it's crazy how I'm livin  
My woman she believes in me, just as long as I'm at  
home  
But I can't help but feel like I should be here singing  
I'd rather die than see the day they prove me wrong.

So it's one more drunken redneck yellin "freebird"  
It's another trip to Austin for a measly hundred bones  
Just another girl that felt compelled to flash us  
One more drink and she'll be ready to take home  
Well I guess I'll be chasin rainbows til I'm gone.

When you're younger they all say "the sky's the limit"  
But when you're older, how their tunes all seem to  
change  
Try to tell you how they think you should be livin  
But it won't do them no good, don't put this freebird in  
a cage

So it's one more little bar in College Station  
It's another dirty hotel sending my love through the  
phone  
Then it's just another stage in Gainesville, TX.

37 city limit signs from home  
Well I guess I'll be chasin rainbows til I'm gone.
